Just a notch above Great Hunting is this outfitter with high success on buck's antelope and mule deer, plus bull and cow elk. In fact, these are free ranging cow elk and they are 100% Kill with a kill guarantee.

If you can shoot you are taking home meat, if you can't shoot an elk here, sell your rifle and get a bag of golf clubs. You Will Experience Some of The Best Hunting in Western Colorado! With many Successful Years Outfitting, the outfitter stands proud on their reputation of repeat satisfied hunter's year after year! A hunting experience that's adorable, yet successful!

Time, history, experience, knowledge with the equipment, mean a lot when pursuing wild deer, elk and antelope that don't want to be pursued and are in their habitat. Every animal out there is alive because he could outsmart, run, travel, and hide well enough that he has out distanced every pursuer that has confronted him for the years of his life.

They are not short of land, which is so important when you have an animal that travels country like an elk does. Over three private land leases available for your hunting. This is the kind of hunting one can only find with private property hunts. Although property alone doesn't do it, the habitat on that property does. The property consists of Alfalfa fields, prime river bottom, pines, quakes and oak brush, which are reasons why it would not be uncommon to see 100's of elk. Located in the Craig, Hayden, Steamboat Springs, they are in the famous Elk Triangle. With the number of elk higher than anywhere else in the world. With so many pluses to his hunts, there must be some minuses. That part rolls out like this, with 90% return clientele the openings in the last 20 years have been extremely few, because no one leaves unless they die. When they do, there is always a waiting line and someone else ready to fill the slot for deer elk and antelope.
