WHITETAIL DEER RIFLE RUT HUNTS AND WHITETAIL BOWHUNTS IN ALBERTA CANADA

We specialize in guided whitetail deer bowhunts and rifle whitetail hunts in Alberta, Canada. Hunt Alberta for trophy whitetail deer with Smoky River Outfitting.

Whitetail Deer Rifle hunts- Rifle or Archery (peak Rut)

We offer peak of the rut rifle Whitetail hunting in Alberta's famous central farmland region. We stand hunt from ground blinds to heated tower stands depending on hunting conditions. Rattling is extremely effective at this time of year, 50% of bucks killed are rattled in.

Due to the fact our hunters are set up in funnel situations where bucks feel comfortable moving from one bush lot to another with good cover. This allows our hunters all day action on bucks traveling in search of does. Every year this is proven again with most whitetail bucks being killed between 10:00 and 2:00. This hunt can also be done with a bow in tight cover on a scrape line from stand. On both hunts clients will be rattling and grunting.

Bucks will average between 140 and 165. Every one of our set ups are in spots with at least a 160 to 210 whitetail buck working the area. We will be using game cameras to locate these bucks from September to our November hunt date. Guides living in the area will also be following up on all leads of big bucks some work out a lot don't. But our preseason homework will be done.

Spring Black Bear baited hunts in Alberta

I have been doing Alberta baited black bear hunts since 1995. I use beavers, honey, cookies and grain with a lot of deep fryer grease. This is a great hunt in a remote area in Alberta that has zero resident pressure. It is a 2 bear area with a second bear for only \$500. The color phases range from black, cinnamon, chocolate and blonde. These baits are baited a minimum of 10 days in advance this ensures daily activity with multiple black bears. This hunt can be done from a ground blind or tree stand you will get a rush either way when a big boar comes waddling in.

We will be operating the last 3 weeks in May	Baited & Spot & Stalk Hunt - \$3250.00 US 2nd bear is an additional \$500.00 US

This hunt is done during the rut so bulls can be called in close, we also take advantage of springs and wallows. This is a great opportunity for a P & Y moose.

Lodge Moose Rut Hunts - Late September to early October

This is a high success moose hunt that is run out of our main lodge. This hunt takes place during the peak of rut, so bull moose cooperate well with our calling. This hunt also takes place in a high density of moose where bulls will average 40 inches wide.
