Welcome to British Columbia, Canada, a place where many call the Jewel of Canada. Here you shoot Mule deer instead of Whitetail. You hunt not just 1 animal but 2 animals since you have traveled this far north. You are so far back in the Canadian wilderness that we must include food and lodging along with fully guided hunts. Our hunts are for moose, bear, mule deer, cougar, lynx, and wolf.

We guide over a huge 3,950 square miles of unit 52 to put you in the record book as BC is known for. It is well known by Boone & Crockett, for many of the continent's largest big game trophies such as moose, black bear, mule deer, cougar, and numerous other big game animals.

Our clients are our friends, and we know that in today's economy our friends are having difficulty in paying for their daily life needs, leaving hunting on the back burner of requirement but on the front burner as far as desire. This is why we provide our hunts in a very price conscious way to make it affordable. You will see this in the way we provide you with a hunting area that holds high populations of big game, and why we provide you with a professional guide, good equipment, excellent food and lodging all at a very reasonable price. We also assist you in all aspects of your game and trophy care after a successful hunt.

There is extensive management and ongoing studies of mule deer in our area on the northern border of our territory which has now been annexed to our exclusive guiding area. We offer mule deer in both the fall combination hunts and as a single species trophy hunt during the November rut and migration. This may be some of the finest non-private ranch mule deer hunting still available in North America. Mule deer tags can be purchased and there is **no draw**. Our mule deer population is even greater than our moose population! Some of our bucks will have spreads over 30 inches with exceptional mass and will field dress up to and over 300lbs.

For the past five seasons in a row, we have harvested one to two Boone & Crockett cats each season with a number of Pope & Young record book cats as well. No brag, just fact. We believe we offer the best Cougar hunt in North America. The existing world record was killed right on the other side of the river from our territory. These hunts are \$4,495.

We are located in the vicinity of Prince George, BC. The Moose in our area has produced some of the greatest opportunity year over year on our territory especially during the prime dates. We also have a healthy population of black bear and a growing population of large mulies. Leave your hunter orange at home it is not required in BC, and our hunter density is so minimal we don't use it, adding to the enjoyment of the hunt.

Bringing in your rifle to Canada to hunt is a simple procedure; a Canadian form. You will need to fill out the Non-Resident Firearm Declaration form CAFC 909 is fill out and brought with you on the trip. You will give it to the customs agent when entering Canada. The agent will check it for accuracy and stamp it, then give you a copy. If you have any type of felony on you, even a drunk driving charge that was severe enough to be a low class felony Canada will not allow you into the country.

The weather during the hunting season range on the average temp in Sept is 50F, lows can be 40F. Oct average is 40F, lows can be 30F. We have a Taxidermist available as needed for your trophies.

Moose in this area has produced some of the greatest opportunity year over year on our territory especially during the prime dates. We also have a healthy population of black bear and a growing population of large mulies.

With our extremely high success rate you will have animal(s) to consider, which is a good think. We will field-dress the game for you. The local butcher will cut and wrap the meat for about \$0.65/lb. Shipping is about \$7.00/lb. We have local places to donate the meat to if you wish to only have the choice cuts shipped.

We will do our best to make your hunt a successful one. All of our guides have many years of experience with the terrain they are hunting. We know you are spending your hard-earned money to enjoy the sport you love and will provide you with the greatest opportunities to acquire your game, but we cannot guarantee you will go home 100% successful as much as we could not guarantee your favorite team will win their next football game.

Our hunts will take you out the logging roads of our territory in a new, crew-cab 4x4 pickup and hunt and stalk from the road. Baiting is not allowed. The terrain is made up of some rolling hills but most of the terrain is relatively easy to traverse. The altitude is at around 2000ft. We hunt mostly clear-cuts and some swampy areas.

We specialize in combo hunts! We require a \$1,500 non-refundable deposit plus licenses and applicable fees for all hunts. In the event you cancel with sufficient notice, and we can rebook your hunt, the deposit can be applied for an alternative date. The balance for your hunt is due 120 days prior to you hunt. We accept payments in US Funds. All prices are per hunter plus licenses/tags/royalties/applicable fees.

We specialize in Big Game Combo Hunts and our prices confirm it.
