Guided Hunts in Manitoba Canada, on the Northeast edge of Riding Mountain National Park.

Our hunting guides have more than 20 years experience hunting Manitoba Canada's rugged terrain, and have been outfitting hunters for the last 7 years, for trophy white tail deer, and huge black bear. Our guides know the animal's seasonal patterns and habits. With this intimate knowledge of local hunting, we can offer you the greatest chance of bagging a big black bear, or trophy white tailed deer.

Manitoba Hunting

Our hunting area is located in beautiful Manitoba, Canada, on the northeast edge of Riding Mountain National Park. Renowned for its huge black bears and white tailed deer. Our unique location offers our hunters very high success rates, for the ultimate big game, black bear, & white tail deer hunting experience. All of our guided hunting trips are conducted on private and public lands along the park border and surrounding area. With no hunting inside the park, the animals have a safe, secure place to reach their full potential. Every year several of these mature animals migrate into our hunting area.

We offer only two types of big game hunts, black bear and whitetail deer and we direct all of our energy towards these hunts, resulting in higher success rates.

Hunting Lodge

Our hunting lodge, located 1 minute from Riding Mountain National Park, is an older cedar chalet with a beautiful view of the mountain with a six person capacity. It consists of two bedrooms, washroom and shower, with the kitchen, dining room and living room combined into one large open area. We supply light housekeeping service for the hunting lodge with bedding, towels, dishes, coffee pot and any other items required for cooking. There is also a barbecue supplied for anyone wanting to do some outdoor cooking. For the hunter who tags out early, there is a TV and VCR in the cabin. We currently don't offer food services; therefore hunter's are responsible for bringing and preparing their own food.

Bringing non-hunting family members or friends is negotiable depending on the number of hunters in camp for that particular week.

Manitoba Hunting Package

Six day black bear and or whitetail deer hunting package, with arrival on Sunday afternoon and departure the following Sunday morning. Give us a call for more information on these hunts of a lifetime, or to just get a feel for whom we are, and the type of outfitting operation we run. References and price lists are available upon request. We look forward to hearing from you, and hope that you decide to come out and participate in one of our guided hunts and enjoy the natural outdoor beauty Manitoba has to offer.
