Enjoy DIY priced Guided hunting on Private Land Trophy Elk and Deer property in Southwestern Colorado on the famous Uncompahgre Plateau. You will be in GMU062 we guide only on private land fully guided they stay in our camp we cook and feed them \$1995 for archery hunt and \$2795 for the rifle seasons. We have no other fees we generally do all the field dressing and haul the game to the processor.

There are over 5,000 Acres of private land with over 20 ponds to attract the wild game to it in the normally dry fall season. The camp started in 1991 with 3 army tents and has grown into a nice but not plush camp that has 5 separate rooms for guests.

It has a modern bathroom with toilet and shower as well as old time outhouses. In the kitchen is dining room with a table that can seat 10 hunters. The outfitter and guides cook and help get your game dressed and back to camp to keep costs down.

We have an old Ford truck with a winch that we can get to almost anywhere on the ranch. No hernia's - A game pole capable of holding 6 Bull Elk at once which comes in handy.

We have been hunting this property for 30 years and outfitting on it for 25 years. We strive to make hunters successful, safe, and all in all have a good time on the hunt and in camp. We have many hunters that return year after year. Because of this we have very few openings for new hunters each year but are always open to meeting new hunters.

The cabin is large and the private property even larger, allowing us to book 10 hunters each season. The private land begins with good deer and elk density but because it is private property we seem to continue to get more deer and elk in as the season goes. This is most likely due to public land hunters pushing them onto our property where the food and water is located.
