Archery & Rifle Season

Archery season is roughly four weeks long, during which we offer four separate hunts. All Archery lodge hunts are 5 days long and are 1 guide per 2 hunters. The early Rifle seasons are roughly a month long from the second week of October to the third week of November. During this time we offer four separate hunts. Our Colorado Elk and Mule Deer hunts are fair chase. They are fully guided 1 on 2 during the Archery, Rifle and Muzzleloader seasons.

Specialize in Trophy Elk and Mule Deer Hunts

What makes our area unique and a hunter's paradise is Rocky Mountain National Park which holds one of the largest concentrations of trophy bull Elk in the Rocky Mountain west. The opportunity to take a 300+ B&C Colorado Bull Elk with us is very high.

***Flagship* High Camp Hunt**

This is our fully guided, one on one, 5-day back-country hunt in Indian Peaks Wilderness area. You will be camping at 10,000 feet and hunting some of the most spectacular country and some of the biggest bull elk in **GMU020**. It is not for the faint of heart, this hunt is physically demanding and requires fitness and stamina, however the rewards are great!

- Accommodations
- Luxury Lodge

Your hunt includes home cooked meals, beds, full bathroom, satellite TV, cell phone service. Wi-Fi, and vehicle access. The lodge is located at 9200 feet on approximately 20 acres of private property surrounded by Roosevelt National Forest for "right out the door"; exclusive hunts nestled in the heart of the Colorado Rocky Mountains.

- **Drop Camp**

For the Colorado Trophy Elk and Mule Deer "do it yourself" hunter, we also have established drop camps in remote areas of Roosevelt National Forest. This area has difficult accessibility. This means fewer hunters in that area. All drop camps are fully equipped with everything needed for groups of 2 to 4 hunters per camp, except for food and personal gear.

Archery season is roughly four weeks long, during which we offer four separate hunts. All Archery lodge hunts are 5 days long and are 1 guide per 2 hunters. This means the outfitter and 1 guide per 2 hunters will be there each day. Four hunters per week is the maximum.

Drop Camp Elk Archery hunts are self-guided, 5 day hunts. We will transport you in/out and pack out all Elk harvested. The maximum of 2-4 hunters per camp makes a great hunting team.

- **The Rut (September Archery or Muzzleloader Season)**

Archery elk hunting at this time of the year is truly the most exciting. When the rut is in full swing, watching 2 bulls sparring or seeing/hearing a bull elk bugling against the backdrop of Colorado's blue skies and golden Aspen is an unparalleled experience. This unforgettable sound will leave your heart pounding.

- **Unit GMU020 Trophy Area**

Unit **GMU020 & GMU029** are considered trophy Elk units with a very limited number of licenses/tags available for the entire season. This means preferences points will be required, (1 possibly 2) to draw a tag. On the plus side however, this means better opportunities at 300+ B&C Trophy Bull Elk, and far less hunting pressure!!

- **Elk Rifle Hunts / Rifle Season**

The early Rifle seasons are roughly a month long from the second week of October to the third week of November. During this time we offer four separate hunts. All Rifle lodge hunts are 5 days long and are 1 guide per 2 hunters (maximum of 4 hunters per season.) In addition to the regular season, we offer one late elk season in early December. This season typically take about 3-4 preference points to draw the license. This special season was added to help cope with an overabundance of elk in adjacent Rocky Mountain National Park and the local community of Estes Park. Rocky Mountain National Park consists of 265,000 acres of non-hunttable land since 1915.

- **Colorado Rockies in the fall**

Colorado has some of the most spectacular fall backdrops you will ever experience. Our spectacular area backed up against the Continental Divide, turns golden brown and the warm Chinook winds typically keep conditions bearable throughout the rifle seasons. Expansive meadows and open parks located on our private property draw the elk in from Rocky Mountain National Park and allow for great hunting this time of year.

- **Unit 20 or GMU020 Trophy Area**

We are the only permitted outfitter in GMU020 of Roosevelt National Forest. We specialize in trophy elk and mule deer hunts. We have exclusive hunting rights on 2000 acres of private ranch property, along with over 100,000 acres of Roosevelt National Forest, which borders Rocky Mtn. National Park, (a non-hunttable area). All hunting in the National Forest will be done by horseback, on foot, or ATV depending on which area we are hunting. Hunting will range from 8000 to 10,000 feet elevation.

In many years, only 20 rifle licenses/tags were available for each early gun season. This means from as little as 2 and up to 5 preference points are required to draw the tag. On the plus side however this means better opportunities at 300+ bulls and only 20 hunters in a 200 square mile area! All lodge rifle hunts are fully guided (1 guide per 2 hunters) and are fair chase on a 5-day hunt. All game taken will be packed out and delivered to the local processor if desired.
