We hunt for big bucks and big bulls. Unlike other outfitters we bring them home time after time. With 170-200 class Muley's and bulls over 300 repeatedly we are here to take you for a hunt for a wall hanger, not just a walk in the woods with your rifle.

All of our hunts are on private land 11,000 acres of private ground. Our harvest is under strict control to be certain that we take big animals but also there are animals left to take their place the following year. You will be hunting in a range of altitudes from 6,000 to 11,000 feet. Colorado has large migratory herds of deer and elk making them a moving target. Because they are migrating in preparation for winter when the hunting season start we make certain that we always have property at the altitude that the big animal inhabit through the hunting seasons.

Brand new 4800 square foot lodge with complete chef's kitchen, pillow top beds, satellite television, wood stove and all the comforts of home. Meals are prepared by Chef Rob and staff.

Your outfitter has outfitting for over 25 years and guiding before that. He is well known for his skills and successful operation providing record class animals year after year. We hunt to match the game at the time and the weapon you are using from tree stands over water holes to spot and stalk hunts of feeding and bedding areas where ever they may be in the San Juan Mountains. The town of Montrose is about 50 miles away but the closest town of any size in our area.

Come hunt in the mountains of Southwest Colorado with ample elk herds and plentiful mule deer. We have several bear opportunities and lower elevation spring turkey hunts. We offer fully guided hunts on over 40,000 acres we own and lease for private hunting in GMU062, GMU065 and GMU070, surrounded by Forest Service and Colorado Division of Wildlife properties.

If you don't draw a license for **GMU062, GMU065 or GMU070** many times a landowner voucher can be purchased through Discounted Hunts LLC at <http://www.discountedhunts.net/Pages/Vouchers.aspx>

We have 6 camps that can accommodate you. We take a limited number of hunters to insure effective management of game and environment.

It is the highest of concerns that all wounded animals be recovered. Top priority will be given to recovering a wounded animal. A wounded animal will be treated as a kill - no exceptions.
