Are you ready for a 180-200 point timber buck on your wall? This is the unit and this is the outfitter that can do it. Colorado has made this a trophy area and he continues to pump out trophies every year. If you are a meat hunter save your money. If you are a horn hunter you won't mind seeing 10-50 bucks a day closely inspecting them for a missing brow time or something of that nature. We call this a Barney fife hunt because you will want the outfitter to hold your bullet so you don't shoot a good buck but wait for a great buck which will happen. This is a 9 day trip with a 7 day hunt. You will be packed in back in the back country with cabin lodging at 9300 feet.

Like any trophy area points or vouchers are the only way the Colorado parks and wildlife will send you a license as an invitation to hunt this coveted area for these monsters.

**COLORADO HAS THE LARGEST ELK HERD IN THE WORLD. MORE ELK THAN** Montana, Wyoming and Utah combined. Some of our areas are trophy units making them difficult to draw for the rifle season but the archery tag is over the counter. The archery season covers pre-rut, rut, and post rut, it gets no better than that. Our average shots are 25 yards or less much because we hunt specific areas with high elk populations in heavy cover, just right for an archer. **HUNT THE RUT; IT'S THE BEST TIME TO TAKE A BIG TROPHY BULL.** This outfitter will assist you with the application process.

Archery Hunts are.....	\$ 3595
Gun and Muzzleloader hunts are.....	\$ 4195

We specialize in archery hunting for big bulls in the back country of Colorado. We have been hunting here for 33 years and there aren't many elk trails that we don't know about. We would like to take you on one of these wild and exciting hunts. Hunting big bulls in the back country is an awesome hunting experience. Archery shooting will average 25 yards or less and the average bull will be a 5x5 or larger. Elk are about 4 times larger than the average white tail and you can bet they will look real nice hanging on the wall in your den. All the hunts we offer to the archery, Muzzleloader and Rifle hunters. We are Hunting GMU066, GMU067, GMU068, GMU681, and GMU082 Deer & Elk.

We have been in the Professional Outfitting Business for 33 years. We operate in a very large hunting area. We actually hold permits to hunt in five different hunting units and three Wilderness areas here in the state of Colorado. We operate from two different base camps; both

camps have cabins, showers with hot and cold running water and a large galley where all the great home cooked meals are prepared. Both camps are located right in the middle of some very good hunting. These camps are a great place to stay while hunting with us. In addition to hunting Elk and Mule Deer we also offer hunts for Antelope, Black Bear and Merriam Turkeys. Antelope can be hunted with archery, muzzleloader or rifle. Antelope tags do have to be applied for. Antelope hunts are one of our most successful hunts. Bear tags can be purchased for most hunts and can be combined with other hunts. We do some bear hunting during archery and muzzleloader season. Most bear in our area are colors other than black. We have blondes, reds, cinnamon and chocolate. Only about 1 in 10 will be black in color. Whether you want to hunt big game, do some summer fishing or just take a pack trip in to the back country, we no doubt have a trip that will interest you.

This outfitter will take the deposit and hold your seat until the outcome of the draw. If you don't draw you will receive 100% of your deposit back.
