

Good place for 150-180 Class Mule Deer like this one with in-town lodging & Meals

Semi-Guided Cabin Hunt for 2-4 Hunters in Backwoods Colorado Cabin

Hunt ID: 5087-CO-G-C-1695-MDeer-CO-042-URNCO4LB-EVS1-OS-E1VS-Repeative Big Deer

THERE ARE 2 COMPLETELY DIFFERENT AND SEPARATE HUNTS HERE. A IS A CABIN SEMI-GUIDED ELK HUNT FOR 4 HUNTERS, AND USUALLY A LANDOWNER VOUCHER FOR UNDER \$1000 IS AVAILABLE IF 1 HUNTER WANTS TO SHOOT A DEER. (Bear is in September the deer and elk cover.)

Feast your eyes on a semi-guided elk hunt, with cabin lodging for 4-6 hunters adjacent to 6000 (Almost TEN 1 mile sections of landlocked National Forest. It is so remote that there aren't even roads through it. The elk are her to begin with but the pressure from the private land around it pushes even more elk into it. If you have a deer license in your pocket you can also take a buck mule deer at no extra charge. The same with the bear but even though this is low altitude 7,500 feet when the bears food supply dries up then they find a place to hibernate. September is the best time for Colorado bear hunting and if you get a muzzleloader deer or elk license it is an appropriate time for a Colorado 10% color phase bear.

It is a secret spot that the owner built the cabin and shot an elk every year until it got to easy and he quit hunting it a few years ago. Since then I was told the elk come to the backyard and sit in the lounge chairs and wait for him but he never shows anymore, and yes this is not high fence it is fait chase.

The pricing is associated with the hunt quality and success level below.

Mule Deer

All Hunts are Guided 2 on 1 Meals and Lodging

Archery hunt for 5 days is Are \$5500 discounted to \$3495

Muzzleloader Hunt for 4 days is \$4500 discounted to \$2995

2nd Rifle 4 days is \$4000 discounted to \$ 2795

3rd Rifle is 4 days is \$4000 discounted to \$3395

Note: Here is an outfitter that even has some mule deer vouchers for the hunt. Then again you may draw it with ZERO points, and certain with 1 point. If not, his vouchers are extremely affordable at only \$1000. The hunt is even a low impact hunt. This hunt has a 60% chance of drawing a license with 0 points, but with 1 point it is for certain that you will draw. If you don't have a point I will get you booked for the hunt with only a \$200 security deposit, then put you in for a license. If you draw you are ready to go. If you did not draw you will have a point and you will draw for next year for certain. I can apply for all of the applications for you.

Hunt ID: 5087-G-C-1695-MDeer-CO-042-URNCO4LB-EVS1-OS-E1VS-Repeative Big Deer

Let's see... big deer, 65% chance of drawing a buck license with no points, if a voucher is needed the \$ 2000 voucher you can get for around \$ 1000. The fully guided, meals and lodging on 6000 acres of private land with alfalfa and wheat, Low Impact Hunt, they shot an unusual but real 210 monster typical mule deer buck. Yes, that is all.. Oh, yes, the \$ 4000 hunt is discounted down to only \$ 2795 this year but will increase next year. If you want to lock your spot in at this year's price for 2nd or 3rd season regardless of drawing a license next year or using a voucher it only requires a \$ 200 security deposit now which become part of the 50% down not required until January 2018 !

Bring what you have he will provide what you need and come to South West Colorado and take a great buck,, if you can shoot. Since it is private property and the deer are lightly hunted the 2nd and the this would both be considered "The Best". The 2nd season catches them off guard and you have a long-range rifle. The 3rd has the heat from the Rut but you are the second one there and no one passes on a big buck during second season either.

Great mule deer hunt in units that have quality Mule Deer but take points to draw. The vouchers are very reasonable with a \$ 1500 price we have negotiated a discounted down to about \$1000 directly from the landowner. There are only 4 available on a first come first serve basis.

If you're looking for a great Muley hunt with an outfit that produces great bucks year after year this is the hunt for you. It is a low impact hunt where we are hunting many places where the farm crop, as alfalfa or winter wheat bush brush, thickets, mountain mahogany and bitter brush. The deer feed in the fields then bed down off the field most of the time in the adjacent cover.

We only take five to six clients per season allowing us to give everyone in camp the best opportunity at a great buck. To aid in this we only hunt on 100% private land leases with leases from the high country for muzzleloader and archery season bucks to alfalfa fields in the migration routes for the later season rifle hunts. These hunts take place around Colbran Colorado in unit **GMU421, GMU042 and {GMU041}** are all connected when applying for licenses **for deer** and GMU041 is the master GMU for all three units.

Points to draw a license/With 0 points you have a 20% chance of drawing a license.

Season	Resident	Non-Resident
Mule Deer Muzzleloader	55%	70%
Mule Deer 2 nd or 3 rd Rifle	62%	60%

(The same licenses are used for 2nd or 3rd season.)

Mule Deer 4th Rifle Not for This GMU

Mule Deer 2 nd season PLO	99%	99%
Mule Deer 3 rd season PLO	45%	34%

Our hunts start in the early morning before daylight as we head out to one of our several private land leases. The morning hunt typically runs for about three to four hours until the deer bed down for the day. Then we head back to camp for some breakfast and prepare for an evening hunt. Glassing from the truck, then spot and stalk is the most successful method of hunting.

We use multiple hunting methods on our Muley hunts from driving in trucks to spot deer on leases, to blind hunting and of course some spot and stalk. The typical shots on our deer hunts are anywhere from 100 yards to 300 yards at most on our rifle hunts.

On our muzzleloader hunts we are typically 100 yards to 150 yards. During our archery hunts we usually get within 35-45 yards. Using all of these different methods of hunting we are sure to be able to accommodate anyone's hunting needs. We offer four different 4 day rifle hunts as well as two 4 day Muzzleloader hunts and a 5 day archery hunt.

We want to assure every client that we will give you the best opportunity possible for you to take a nice Muley. In the unit we are hunting we have plenty of nice bucks. With that being said we are typically taking nice 4x4 bucks. The bucks range in size from the mid-130s to bucks in the 160s. This number range has a lot to do with a low-cost deer hunt and new hunters that have not learned to pass some deer. We only do two 4 day hunts each season.

We can do combo hunts but we do very little elk each year the opportunity to hunt both on a 4-day hunt is minimal. The elk hunt alone is also \$ 3495.

In all honesty, it is you trigger you are free to shoot any legal deer, we try to have you hold back until we have some to compare with, but the trigger decision is yours. However, we do take a couple bucks each year that will be in the 175 to 190+ range and we did shoot a 210-last year but we don't want you to come into camp expecting to see several deer in that class. With 6,000 acres of private ground with alfalfa, sage, river bottoms and timber the possibilities are endless every day, and of course every season. We encourage our clients to be looking for a nice typical 4x4 or 3x4 buck with good tine length and width. As for licensing on this hunt you will have to apply for the draw from the state of Colorado which we are more than happy to help you with. In our unit there is a very good possibility that you will draw without a preference point. However, if you do not draw we can also get you a land owner voucher.

If you're looking to hunt with us next year you can also apply this year for a preference point which will almost 100% insure you will draw a tag next year successfully. Please put down a security deposit so we will be assured not to book your slot. With many outfitters to choose for a mule deer hunt our success rate sets us apart from most outfitters. With us only taking a limited number of clients each year we are proud to say that we have ran a 100% successful opportunity rate for the past few years. All of clients have had the opportunity to take nice bucks ranging in score from the mid-130s to 170's and a few bucks in the 190"+ class bucks. Last year produced a huge 210 Typical buck but I know better than to expect that every year. Remember you are the one pulling the trigger, you decide, and close the deal. We will hunt the length of your hunt or until you fill your license whichever comes first. It is not, if you fill, it is when you fill there are facilities to hang your deer or processors in town if you wish to take back antlers, cape and little white packages of frozen venison instead of bulk deer.

The whole 2nd season broken down into 4 day hunts, guided hunt is only \$ 5000 reduced to only \$ 2995. If you don't draw mule deer vouchers for his property. We only take a limited number of bucks each year to assure that we continue to hold out trophy level. The 3rd season hunt is \$3395, with the 4th season as well.

Your lodging with meals is very comfortable in a large house/lodge. To put as little pressure as possible on the deer so the biggest ones will not get to spooky. We hunt the morning and are in the field by first light and until 9 or 10 am then back to the lodge. The afternoon begins around 3 PM and goes until dark. These times can be adjusted due to weather also. The deer have some tolerance to vehicles because they see them all summer working the hay fields. Although you can guarantee that if a shot is fired or a person walking around without equipment close by it is "Game On" and now we must work for the big bucks. We try not to bother the Deer in their bedding area because they feel safe in their safety area and tend to stay in that general area for many weeks.
