Trophy Hunting in Colorado and Texas.

Our Colorado operation encompasses over 40,000 acres between 24 different private ranches ranging in size from 400-6000 acres in GMU105, GMU106, GMU137 spread out over a large area allows us to hunt several types of terrain as the animals move for weather, cover and feed. You can expect small camps of 4-6 hunters per week which allows our guides to tailor the hunt around the needs and desires of the

hunter. With so much land to choose from we have the luxury of not having to over hunt any one ranch. Our success rates over the years have been very good. Our rifle deer hunters have had over 95% success with our archery deer hunters having somewhat lower success of 50% over the past 5 years. Depending on the season selected preference points or landowner voucher may be required to get a license for this hunt. The outfitter may have some available or if you contact us they may have some available for these units also.

We would like to invite you to the “Eastern Plains” of Colorado for the quality private land hunt you’ve been dreaming of. We offer fair chase hunts for Elk, Deer and Pronghorn Antelope on some of the best lands available, anywhere.

The genetics and age class of our herds are excellent, giving you an opportunity to harvest a true trophy-class animal. We target Mule deer bucks scoring over 175”, bull elk over 275”, and Pronghorn bucks 13” to 14” plus. We have more than 40,000 acres of quality private ranch land leased for exclusive hunting. Our guides are trained and passionate about making your hunting experience unforgettable.

It doesn’t matter if you use a bow, muzzleloader or rifle; we will give you 100% effort and attention every time. Just remember, we are a small volume outfitter so don’t delay in booking your hunt.

We're also very concerned about conserving this wonderful resource for generations to come. Outfitting allows us to closely monitor and manage the health of our herds. We won't over-hunt our ranches and we're adamant that only the oldest, most mature animals are harvested.

Hunting is not just a hobby for this crew; it's a way of life. We "cut our teeth" hunting western big game at early ages...it's in our blood. We feel very fortunate to live and hunt in an area that grows some of the biggest mulies and elk in the country, and we enjoy sharing that experience with others.

Our Lodge - You will stay in our spacious 2-story ranch home located in South Eastern Colorado. It's common to view deer, elk and other wildlife as we dine on a delicious home cooked meal after a long day of hunting. The privately owned ranches that we hunt are only minutes away offering ample time in the mornings and evenings to get set-up and wait for the “magic hour”.

What To Expect

- Lodging – We have a comfortable home with all the amenities that you will stay in during your hunt
