

**Hunt ID: KY-WDeer-All-NVILLEGREE-WCM-OMT-ARRYL**

**Kentucky & Tennessee Semi-Guided and Guided Whitetail Hunts**

**We actually have 3 different DISCOUNTED HUNTS here, two Semi-guided. One is near the town of Murray in Calloway County, Kentucky and another near Dresden in Weakly County Tennessee. The third is a fully guided hunt in Hopkins County, Kentucky.**

**The Semi-guided were \$1000 per person but have been dropped to \$895 to build clientele. The fully guided hut was \$ 1595 and has been dropped down to only \$1195.**

**We are a father/son team that enjoys the outdoors. We enjoy the full spectrum of deer hunting – planting food plots, looking for sheds, scouting, and the actual hunts. After spending 15 years hunting together on property that we had no control over, we decided to buy some prime hunting land in Tennessee and Kentucky. The last three years we have implemented QDMA practices to improve the quality of our deer herd. It has been a real pleasure to spend time in the field with each other and to see our efforts rewarded. Tyler shot our first buck off one of our Tennessee farms in 2008 – a 3 ½ year old buck that scored 135 2/8 inches. We now have five farms in Weakley County, Tennessee, and are managing each one. We have both been blessed to have harvested some nice whitetails in Tennessee.**

**We want to cater to other father/son teams but other hunters as well. We have deer cameras set up on all the farms, and have several pictures of nice bucks. All of our farms have food plots, ponds, bedding areas, and all the farms have mature timber. Double man deer stands have been strategically placed at each farm, and climbing stands are welcome. Camping is allowed on the site but has no services.**

**We try to keep the hunting details as similar as possible for each property to make understanding where and how you will be hunting as simple as possible. In both states licenses are available in town at Wal-Mart or available over the internet.**

**The Outfitter will contact you as soon as your deposit is paid with all the details of the hunt and what to bring.**

**In both of the Semi-Guided hunts Lodging and meals are not provided, but town is close by we just provide just access to the property, with a map showing out treestand locations and fence lines. It will also have all of our phone numbers on it in case you need to reach us. In both cases a 4 wheeler running through the property can spook the deer off the property. There are roads/trails around and through the properties so if you must I recommend using a 4 wheeler just to take game out but not for hunting. There are some food plots of clover on some of the properties but their growth is completely driven by local rain fall. The deer know they are there and check them regularly.**

**This is an incredible opportunity for a father/son, husband/wife or just friends to enjoy themselves for a weekend and have a great chance to harvest a nice deer! We encourage a family atmosphere and offer a Christian environment for our hunters, call us and let us**

plan you a hunting trip of a lifetime. This area has been under deer management and the bucks though limited are quality animals a product of this management plan.

### Semi-Guided Kentucky Hunts

#### ROOM & BOARD:

Kentucky hunters will stay in Murray, Kentucky, about 15 miles from where you will be hunting. Eating and sleeping arrangements are the hunter's responsibility. Licenses can be bought over the counter.

These 100 acres of property is completely fenced and the Outfitter will take you to the property and provide you with a map that has the fence lines and the established tree stands. You are also able to bring your own tree stands, as long as they don't harm the tree or ground blinds to hunt out of this is \$895 per person for a group maximum of 3 hunters at a time at \$ 895 each. A hunter can take a buck, a doe and a turkey while hunting this property during specific seasons.

The area is full of mature oak trees that provide a good acorn crop for the wildlife. Parts have been timbered to provide diversity in the habitat.

The property is similar on both sides of the state boarder Callaway County, Kentucky hunters will stay in Murray, Kentucky, about 10 miles from your hunting area.,

#### 1. This is the Callaway County Kentucky Hunt:
