Gould Turkeys

The Gould's turkey is Sonora's only native wild turkey specie. They are slightly larger than Merriam's turkey. Gould's were an important food source for those who settled and worked in the rugged lands of Eastern Sonora years ago. The skill of our guided and the volume of birds speaks for itself with a 100% success rate for hunters.

The season runs from April to May when the strutting is hot. The weather down here is very enjoyable at that time of the year, no chiggers or ticks like you must deal with in the spring time when hunt Merriam', Rios and Easterns farther north.

This is a premium Gould's hunt. With 6,200 acres to hunt, quality guides, great lodge accommodations and good food, this is surely one of the most successful and comfortable Gould's hunts available today. Success is virtually 100% every year with an opportunity to take a second bird for a trophy fee. Turkey populations are very high and you will be into birds every time out.

Trip and Pricing

The trip is 4 days with 3 full days of hunting. Most Gould's hunts are in camps that are rough or rustic at best. This is definitely a step up and the price is great. The Hunt is \$ 2,195.00 with the license included and the \$500 trophy or kill fee included on first bird.

You are welcome to shoot an additional Tom for only \$ 150.00 coverings your license plus a trophy fee or kill fee of \$500.00. Shot guns are provided by the outfitter with real turkey loads. If you chose to bring your own gun, there is an additional gun import fee payable to the government and we will help with the required paperwork.

You will fly from Phoenix to Senora on a scheduled regular airlines with a flight daily. We will meet you right in the airport and take you directly to the ranch. We have been here and hunting for over 12 years without any problems. This is a Sonora Mexico based outfitting company, we have lived and hunted in Sonora most of our lives and have been outfitting big game for 12 years now and see no problems in the future.

Trophy Class Animals

Since the beginning, I have tried to focus on taking the largest animals and providing the best service available anywhere in this area. We are simply the best and will consistently produce anywhere. I hire only the best guides and skimmers who have been hand selected by me, some with up to 36 years' experience. This has enabled me to produce some of the largest trophy animals taken in Sonora. So if you are looking for a fair chase hunt with probably the best guide you have ever hunted with, this is the place. Outfitting big game hunts is all I do. My reputation is based on production, hunter satisfaction, and above all else, honesty.

** We currently hunt and manage 65,500 acres (private land).
