

Hunt ID: OH-WDeer-All-Newcomerstown-SHW

The large glass windows allow you to see the coveted Ohio whitetail bucks moving through the timber line and across the meadow. The large deck on the front is a great place to sit and reflect on your hunt while enjoying the picturesque view.

Bowhunting Ohio whitetail deer can be one of the most exhilarating experiences an outdoorsman can have. You will be out in the woods during some of the prettiest times in the year, when the leaves are changing and the weather is still nice and warm.

Here, the bow hunter has nearly four full months to pursue that trophy; with the rut typically running from the last week of October through the latter part of November.

You will have access to our game from our elevated platforms, strategically located so the deer can't see you and your scent is more dissipated. Our bowhunting packages last 5 full days beginning on Monday and ending on Friday.

Gun Hunting

The gun hunter has one week to collect his deer with a choice of weapons: shotguns, muzzleloaders, and certain handguns. There is also a muzzleloader season in January when the deer are coming together for the winter. This time of year can be quite cold; so, make sure you bring plenty of warm clothes!

All gun hunts are conducted to suit each hunter's preference.

You can sit on the stand and wait for that trophy buck to come in as there are many hunters out that keep the deer moving.

Or your guide can combine the sitting with some small drives to help get the deer moving. Our gun hunting packages last 5 full days beginning on Monday and ending on Friday.
