This outfitter is known for his early Velvet hunts that start as early as Mid-August when the thick lush velvet is still on the buck's antlers yet the antler growth is complete and they are in the drying stage.

Keep in mind that this early they are in velvet but you can also hunt them with a rifle instead of a bow or muzzleloader as in most states. Hunting for deer, hogs and Turkeys reduced down to only \$ 295 per day.

We are in our 5th year of a quality management plan that is producing larger bucks each year. Last year we were taking deer as big as 130 point, 8 points with a 14" to 16" inside spread. If the trend continues we will surpass that size this year.
