Texas Exotic hunts are as exciting and challenging as any of our whitetail deer hunts. Through intense management and breeding we strive to assure your trophy will be second to none and can be displayed with pride. Our professional hunting guides will assist you in locating the exotic of your choice as well as the quality of your trophy. Whether your first experience with hunting exotic game in Texas or a seasoned hunter, We will certainly become your destination for the ultimate hunting adventure.

### **Texas Exotic Axis Deer**

Axis Deer hunts in Texas ...The axis deer is also known as the chital deer or spotted deer. This exotic deer was introduced to Texas from wooded regions of Sri Lanka and India. The axis deer is reddish in color with white spots and its underside white. Their antlers curve in a shape that is bent outward and forward which are shed annually. They are known to be very nervous creatures and bolt at the slightest stimulus.

### **Texas Black Buck Exotic Black Buck Antelope**

Texas Black Buck ...The Black Buck Antelope is native to Nepal and India and was introduced to Texas in 1932. The Blackbuck Antelope is known as one of the fastest animals in the world. The males are black/brown with white on their underside. They grow spiral horns that can be up to 28 inches in length. Females are slightly smaller in height. The young Blackbuck Antelope are light brown in color.

### **Exotic Mouflon Sheep Hunts**

The Texas Mouflon sheep originated in Europe and is thought to be the original ancestors to modern sheep breeds. They are dark brown in color with a dark stripe on their back. Book your exotic Mouflon Sheep hunt at Geronimo Creek Ranch.

### **Texas Exotic Dall Ram Hunts Texas Exotic Dall Ram**

The exotic Dall Ram is also known as Dall's sheep and thin horn. This animal is native to mountainous areas of the Arctic and sub-Arctic regions of Alaska and western Canada. The Dall Ram in Texas have a white to grayish coat with hollow hairs that protect them from the cold. They have a rough pad on the bottom of their two-toed hooves, which enables them to move on rugged, uneven ground. Dall sheep are about 3 feet in height and have curving horns that are light brown and narrow. The horns have growth rings, which tell the sheep's age.

### **Exotic Fallow Deer**

Fallow Deer hunts in Texas... The exotic fallow deer is native of Europe and was brought into Texas for sport. They have a brown coat with white mottles that are more pronounced in summer and a darker coat in winter. Bucks are about 34 inches in height and about 110 pounds. Bucks have antlers that are large and webbed. Their life span naturally is 12 years.

### **Wild Hogs & Javelina**

The Texas Javelina is also known as a collared peccary. This small, wild pig is the only pig native to the Americas. It is found in the Southwestern US to Argentina. The Javelina have downward curved tusks, large heads and long snouts. They are about 20 inches high at the shoulder and weigh about 50 pounds.

### **Texas Pheasant Hunting**

The Ringtail Pheasant is the most common type of pheasant found in Texas. China introduced them to the US in the late 1800's. The males or roosters have a white ring around its neck with a red face, greenish head, maroon breast and orange flanks. It has a brown tail with a black stripe across it. They are found in open grasslands, cultivated fields and marshes.

### **Quail Hunting in Texas**

#### **Hunting Chukar in Texas**

The Chukar, a game bird in the pheasant family is native to Asia and southeastern Europe. It is a thick-bodied bird with short rounded wings. The Chukar's face is white with a black band, red bill and red ring around eyes. It has a light brown back with a blue-gray nape, crown, and breast. It has black streaks on its pale colored flanks. The Chukar also has red legs and feet, which it prefers to run on than fly when disturbed. They can fly when necessary but, only for short distances. Their name comes from the noise they produce, a chuck-chuck-chukar-chukar.

## **Texas Spring Turkey**

Spring season for Rio Grande Turkey - There's nothing like the challenge and excitement of calling in a Rio Grande Turkey! Spring Turkey Season is April 1 – May 14, Gobblers only. The varied habitat of both open and covered areas at Geronimo Creek Ranch is ideal for wild turkeys. Wild turkeys are the largest of North American game birds and can run at speeds up to 25 mph. Rio Grande Turkeys have a keen sense of sight during the day so we recommend that you wear full camouflage for your hunt.

## **Texas Dove Hunts**

The two most common doves in Texas are the Whitewing Dove and the Mourning Dove. The Whitewing dove is a large, chunky bird that is brownish-gray in color. It has white wing bars that are visible when in flight or at rest. Texas Mourning Doves are light brown, medium in size with a small head. They have a long pointed tail with the outer edges being white. When they fly their wings make a whistling sound. Both doves are very abundant in Texas.

## **Hunting Sandhill Crane**

Texas Sandhill Cranes have very large heads with a long necks and legs. They have gray bodies, red foreheads, white cheeks and cluster of feathers on their backside. They are about 47 inches high with a wingspan of 79 inches.

## **Duck Hunting in Texas**

Mallard / Northern Pintail Green-winged Teal / Blue-winged Teal Cinnamon Teal / American Widgeon Buffleheads / Northern Shovelers Hooded Merganser / Gadwall and Lesser Scalp
