Outstanding Trophy Pronghorns

Our Pronghorn hunts are located in Moffat County, the best trophy area in the state of Colorado. **In fact, Petersen's Hunting magazine reported that over the past 10 years Moffat County has produced nearly 3 times as many Pronghorn Boone & Crockett record book entries as any other county in the state of Colorado.**

Client/Guide Ratio is a minimum of 1 guide to every 2 clients. All of our hunts are 4 days, except for Antelope which is a 3-day hunt. With a 100% success level on deer and antelope we don't seem to need more days. If you can shoot than you will take home your animal(s). If you can't shoot more days hunting is not the solution, more time at the range with practice off the benches is. Practice laying on your stomach with an improvised rest and shooting the targets. If that doesn't do it I will negotiate additional days if they are available.

The Craig Rifle Range has a trained membership along with public access and is open the Friday before the 1st, 2nd, and 3rd rifle season with target and steel long range targets to practice on.

Game Care

Once an animal is harvested, we will field dress and transport your animal to a local processing plant.

Meat processing

We suggest Brothers Custom Processing located in Craig. Their service is second to none and they offer a wide variety of sausages, jerky, and other wild game choices. As of 2015, Elk processing is \$275, deer \$150, and antelope \$100. This is for butchering, and does not include sausage, jerky, etc. If you have questions, you can call them directly at (970) 824 3855.

Lodging

Lodging in Craig is at a premium during hunting seasons. If you wish to stay in a hotel, you will need to book at least 3 months before your trip. We can provide a list of local hotels upon request.

Transportation

Our guided hunts provide all hunting transportation during your hunt. Usually this is by 4-wheel drive vehicles and 4 wheelers.

In addition to the license, hunters ages 18 to 65 will need to purchase a habitat stamp. Hunters and anglers are required to purchase a Habitat Stamp when they purchase a hunting or fishing license. The cost of the stamp is \$10. Habitat stamps can be purchased anywhere Colorado hunting and fishing licenses are sold or online at the Colorado Parks & Wildlife's website. If you have a fishing or hunting license for the previous year preference points are only a \$ 3 admin fee and \$ 10 for the first license of preference point you apply for on March 31. If you did not have a Colorado Hunting or Fishing license for the previous year a preference point is \$40 to the state.

Equipment

Equipment needs vary greatly depending on the time of year you are hunting and what you are hunting. We will gladly furnish a list of what is needed for your particular hunt upon request.

Reservations and cancellations

A 50% deposit is required to secure a hunt. Cancellations can be made prior to the start of the calendar year for your hunt, otherwise the deposit is non-refundable.

Taxidermy

For hunters interested in high-quality European mounts, have a look at Extraordinary Skulls. Our Taxidermist makes museum quality European mounts using Demisted beetles which are fantastic for European skull mounts on Deer, elk and antelope.
