Colorado Mule Deer

We have some of the best Mule Deer hunting to be found anywhere in the world.

Every year we take bucks over 205 inches and average about 180-190. All hunts are done on Private Ranches and are managed for trophy class deer. These are 5-day hunts and licenses come from the draw via the March application process

Our Archery hunters enjoy a 100% opportunity at Pope & Young Deer, hunting is done out of tree stands as well as Double Bull Blinds. Muzzleloader hunters using spot and stalk methods have success on some of the best deer taken each year by catching the bachelor bucks with their guards down. We take out two 5-day Rifle Deer hunts being the 1st 5 days of the 2nd season and the first 5 days of the 3rd season each year and again have a 100% harvest. It is always more difficult to get the license than it is to get the animal and the hunt is more fun than the drawing process anyway.

Colorado Deer Draw point Requirements for GMU053 and GMU063

These 3 bucks are Management Bucks but for 99% of the hunters they are perfect for only \$2495

The elk hunt is more of a "Whatever it takes" hunt depending on the ability of the hunter to travel some mild and other rugged areas. The deer and elk areas have multiple alfalfa fields which can make locating deer and elk an easier task, but the shots are still yours to complete.

Colorado Elk

Our Elk hunting takes place on private ranches with good 5x5 and 6x6 point bulls taken each year. Archery and Muzzleloader hunts are during the peak of the rut, with bugling all around us which makes for a very exciting hunt. Having a bull elk called into you knowing he thinks he is coming in to battle an adversary and you are it burns up 10 years' worth of your adrenaline in about 20 minutes. It is an experience that you will never forget.

Our rifle hunt is in early October and the elk are still bugling during the 1st season which makes for an excellent chance of taking a good bull.

Muzzleloader Elk and the early Rifle Elk hunts are by lottery drawing. So, applications for these hunts need to be submitted in March of each year.
