

Hunt ID: CA-AB-WDeerMDeerMooseWolves-NTONEDMO-OWSHAD-ENRYH.docx

We invite you to come experience some of the best guided trophy hunts for Mule Deer, Whitetail Deer, Bison/Buffalo, Bear, Moose and Wolf in Alberta Canada. The majority of our hunts are located in the lush boreal region of the province which has excellent populations of quality trophy's.

Your host and full time outfitter, and brings decades of experience to the table and is absolutely dedicated to making your hunt a success. We offer archery, crossbow, rifle, and muzzle loader hunts, and do whatever it takes to give you the opportunity for the trophy you are looking for! We provide comfortable camp facilities, and are always willing to go that extra mile to make your hunt a memorable one.

Alberta is one of the Prairie Provinces and the fourth largest province in Canada. Bounded on the west by British Columbia and the East by Saskatchewan, Alberta is home to over 3.2 million people most of who live in the two largest cities, Edmonton and Calgary. Alberta is the main producer of oil and natural gas in Canada and also a top producer of wheat, oats, canola and barley. Dairy farms and cattle ranches are numerous in the flat prairie areas and southern foothills. With its diverse landscape and topography including mountains, foothills, plains, and boreal forest, Alberta offers excellent hunting opportunities for Mule Deer, Whitetail Deer, Moose, Elk, Black Bear, and Wolves.

We have secured some of the best hunting areas within the province for each of the species we hunt. We want our hunters to have great hunts, and that starts with doing everything possible to create opportunities for quality trophies!!

Whitetail Deer

The ultimate challenge for the serious trophy hunter is the cunning and elusive Whitetail Deer. Hunting huge whitetails at the peak of the rut is every hunter's dream. We offer some of the finest Whitetail Deer Hunts available in the province of Alberta Canada. We offer this hunt at the peak of the Rut each November for best results!!

Most mature Alberta bucks weigh in at close to 250 - 300 pounds on the hoof and will carry a rack in the 140 plus range, with 180 to 190 class Deer being taken each Fall. We take pride in providing our hunters with great opportunities on trophy class Deer, and with the past winters being mild, we know that most of our mature bucks are surviving the winter so the best hunting is yet to come.

Where we hunt

Our hunting area is ideal for Whitetail Hunts. Located in WMU 505, 506, 510, and 250 these areas feature fields with a mix of grain and alfalfa with small hills and numerous tree lines. Growing up in this area, Henry does extensive scouting in advance of every hunt and sets up ground blinds and ladder stands where you will have the best results!!

All Non-Hunters		\$150 (USD) Per Day / Per Person

MULE DEER

We are proud to offer some of the best Mule Deer Hunts in Alberta Canada. Alberta's mule deer have some of the largest body weights found anywhere, averaging nearly 275 pounds, and they have antlers to match. Most noted for their incredible mass and dark coloration, a large percentage of the antlers also sport non-typical points.

We hunt the mule deer over numerous natural salt licks, in stands, and some spot and stalk in open areas. Our hunters have great opportunities!!

We hunt in the Archer units (WMU 525, 526)

Rates - Mule Deer Hunt (All Inclusive)

November Rut Hunt	\$5,995 (USD) / Per Person
All Non-Hunters	\$ 150 per day (USD) / Per Person

MOOSE

We offer trophy moose hunts in northern Alberta for bull moose that can weigh over 1000 pounds, stand 7.5 ft. at the shoulder and have antlers that measure as much as 6 feet .from tip to tip. Our goal as outfitters is to harvest bulls 45 inches or larger. We run a very high success on this type of bull and encourage our hunters not to shoot anything less. A typical shot is around 100 yards, and can be as close as 10 yards, which is ideal for bow hunting. Every year we harvest a number of trophy bulls.

Our moose hunts methods include a combination of calling, tree stands, spot and stalk. There are natural mineral licks and watering holes in our hunting area which provide excellent opportunities to see trophy moose during your hunt. We offer both archery and rifle hunts. We take great pride in offering our hunters an opportunity at trophy bulls, and to offer an unequalled hunting experience.

Our moose hunts start in late September and run until the end of October.

Our Hunting area is WMU 511 (Rifle) and WMU 510 (Bow). This area has limited access and great Moose habitat!!

The base camp is generally a bush tent camp with bunk beds and wood stoves providing a clean dry setting for yourself and your gear. Bedding can be provided however most hunters like to bring their own sleeping bag (please clarify your needs with us before coming).

Camp

Whenever more than two hunters are in camp (we generally have 4-6 hunters per camp) we have a cook on staff.

The Hunt

Schedule - Moose Hunt

Rates - Moose Hunt (All Inclusive)

Seven (7) Day Rifle Hunt	\$5,495 (USD) / Per Person

WOLF

Alberta Wolf Hunts with us can be very rewarding with the opportunity of taking more than one wolf. The wolves in our hunting area tend to be a mix, black to white with many tones of grey. Wolves from this area have skulls in the 17-18" range and can weigh well over 100lbs. These are extremely intelligent predators makes a great trophy!!

We have taken the 6th largest wolf in the World!!! The numbers are here but better yet the genes are her to produce that size of a wolf.

We use popular lodges for our Wolf hunt accommodations and typically have limited number hunters in each group.

We have Coyote available all year. Calling/Baited hunts. \$2000 for 6 days. \$1500 for 3 days

Hunt Dates

	Duration	Available	
Hunt 1	January	6 Day Hunt	Available
Hunt 2	February	6 Day Hunt	Available

 - All Deposits & Guaranteed Funds payable to Henry Giles
 -
 - Bison/Buffalo
 -
 - Contracts will be issued upon receipt of deposit
 - Hunting the magnificent Bison (Buffalo) is unequalled in excitement and adventure. Bison (Buffalo) hunting is a demanding and extreme hunt. It is a physical hunt (some have called it the toughest hunt they have done) but the rewards are worth it. We offer one on one guided Bison Hunts.
 -
 - One of the few places you can hunt wild, free-ranging buffalo is in Alberta. Most of these buffalo live within the unfenced boundaries of Wood Buffalo National Park, right beside WMU 540 where we operate and may be hunted. This is an excellent fair chase hunt!!
 -
 - We hunt in March when temperatures range from -30 F to 40 F. With the sun rising at about 7:30 am and setting at about 6:00 pm, you will log a lot of hours on a snowmobile. (provided by us) Distances of 10 - 60 miles may be travelled per day on the snowmobiles. Bison usually appear when you least expect them, so being alert is a must.
 -
 -
 -
 - A Bison has a shaggy, long, dark brown winter coat, and a lighter weight, lighter brown summer coat. Bison can reach up to 2 meters (6.6 feet) tall, 3 meters (10 feet) long, and weigh 400 kilograms

(882 lb) to 1,000 kilograms (2,205 pounds). As typical in ungulates, the male bison is slightly larger. The biggest specimens on record have weighed as much as 1,133 kilograms (2,500 lb). The heads and forequarters are massive, and both sexes have short, curved horns, which they use in fighting for status within the herd and for defense.
