

This hunt is in an area that if you put in for muzzleloader next year you could be drawing down of a 180 Muley, or if you can locate a muzzleloader deer voucher for GMU052.

By the 2<sup>nd</sup> season these big bruiser bucks head down off the mountain. Then it is you and the elk both standing in a 30 year elk migration corridor, and you have the rifle. The 2<sup>nd</sup> or 3<sup>rd</sup> season with bull elk licenses over the counter. Last year put the guide and the hunter in front of a 375 7x7 bull 3 times at a little over 200 yards, and a slow moving hunt let the bull slip away 3 times... he is still there.

The average is about 300-330 each year depending on which one the hunter pulls the trigger on. After 30 years of hunting the world famous flattops this outfitter has found the honey hole.

He is willing to share it with you on hunts beginning at only **\$ 3495 with 2 elk and even a bear** in that hunt, while they last. You can add a trophy muley if you have the points to draw it or by a landowner voucher. **If you like "trigger time", this hunt is for you.** Booking is limited. There are usually left over cow licenses available.

With experience and a history of satisfied clients this outfitter has both with a start date in 1980. His experienced guides, he is committed to making your Colorado deer and elk hunt an unforgettable experience. Their mission is to make you successful and they take it very seriously. This is an elk, deer and bear hunt. You can have licenses for all three and no more cost is added to the hunt unless you shoot a Bear then it is just \$ 500 for the extra packing it 5 miles out back to the bottom of the mountain.

While offering a full service guided hunts, drop camps, wildlife photography, pack trips, and horseback rides it is all provided. Last year they packed out a 500 pounder and a 600 pounder. The 600 pounder squared 7x7 and his teeth were worn way down, an extremely old bear. All of this was confirmed by the Colorado Parks and Wildlife when the bear was checked in. From Premiere Hunting to just want a relaxing vacation to get away from it all, we will do our best to help you have the trip of a lifetime.

Our guided deer and elk hunts are in GMU052 on foot, horseback and 4-wheel drive. We will use whichever method or combination of methods that will be the most successful. The guides will hunt with you on private land, BLM land, and in the Grand Mesa National Forest.

This outfitter has found that the secret to success in hunting camp is to hunt hard and to sleep well.

His Alaskan style Quonset tends prove he believes and his success confirms it. When you are sleeping in a 65 degree tent heated with propane, not fire wood the temperature stays the same all night as the outside temperatures drop to single digits. In addition his hunters don't smell like wood smoke a dead giveaway for elk's extra sensitive nose.

#### Colorado Elk or Deer Application

They are easy to get but it is easiest with some preplanning. The formal application submittal deadline is before April 1st each year. The Elk licenses are easy to draw for the 1st and 4th season if you put in your applications before the April application deadline. If you miss it sometimes there are a few leftovers but since the herd is at its objective level the chance of them is hit or miss. The 2nd and 3rd seasons and archery licenses are over the counter. The muzzleloader elk is usually around 3 points because the area with its high bull population at that time is much desired for the rutting bull hunt in the prime mid-September. Because of the difficulty many times I will book a group that has one or 2 that drew muzzleloader and the other two that didn't draw muzzleloader hunt with archery equipment.

The Deer licenses are much more difficult to get. The area where we hunt is higher than the average deer area so we see fewer deer but the ones we see are mature and have very nice racks. There is an archery, muzzleloader, 2nd and 3rd rifle season for deer that coincides with the elk season dates. This

works out well because hunting the second animal is only \$ 500. At times there are deer vouchers available, get with me and I usually know what is available. With the exception of the archery deer licenses which is 0-1 point the others, muzzleloader, 2nd, season and 3rd season require about two points.

## ***Our Hunts***

I have been has been outfitting since 1980 and has the most experienced guides available. Our guided deer and elk hunts are on foot, horseback and 4-wheel drive. We will use whichever method or combination of methods that will be the most successful. The guides will hunt with you on private land, BLM land, and in the Grand Mesa National Forest.

## ***Point Restrictions***

There is a point restriction on elk in this area and because of this; there is a **better quality of big game animals to hunt**. Elk have a four point restriction. There are a lot of black bears. The numbers of bear have gone up for the last several years. We have several color phases, blond, cinnamon, brown and black.

## ***Drop Camps***

Our drop camps are located on the Grand Mesa National Forest which offers some of the best elk and deer hunting in the state. We will pack you in and provide the tent, propane stove (for heat), propane cook stove, propane lantern, cooking and eating utensils, sleeping cots, and foam pads. All of our tents are

insulated so that you are always warm and dry. Every one to two days our packer will be by to pack out your game and check on you. With an abundance of deer and elk right out of camp, this is one of the best ways to hunt on your own.
