

Hunt ID: CO-MDeerWDeerTurkeyGeeseDucks-All-TONBRIGH-OS-RAVIST

Located in the heart of Colorado, we are one of North America's finest and most respected outfitters for Canada goose and duck hunting. We have been established in prime locations through the Front Range region between Denver and Fort Collins for many years.

You will hunt over large, full body decoy spreads from comfortable, well-concealed pits and blinds. Your group will hunt farms controlled and hunted exclusively for our clients. By limiting the number of hunts each day and using proven management techniques, we have established a reputation for providing consistent high quality gunning since 1985. Hunters from around the world have already discovered the thrill of hunting this majestic setting. The area is a "must see" to be truly appreciated. Join us on a waterfowl hunting adventure that will have you wanting to come back again and again!

CANADA GOOSE LIMITS ROSE TO 5 PER DAY!!

Experience Canada Goose hunting "like you read about". This is goose hunting the way it was meant to be — classic decoy gunning with birds close and committed to your spread.

Early water project with the abundant gravel pit projects have made this area one of the top Canadian Goose destinations in the nation. The corn to the east and warm foothill fall and winter temperatures have made this ideal goose habitat and the final destination of many flocks along with a large number of residential flocks. The originals began with a flock of 25 birds in the Ft Collins about 90 years ago that grew slowly at first then exploded into the numbers we hunt today.

We offer some of the finest decoy Canada goose hunting in North America. You will be hunting near Ft. Collins, Windsor, Greeley, Longmont, Brighton, and Denver, Colorado. We hunt over 25 locations that consist of corn, wheat, barley, alfalfa, water, and occasionally over frozen lakes and ponds. You will be provided with an experienced guide, decoys, pits, blinds, dogs, and any other equipment necessary to bring big Canada geese within easy gunning range.

We can cater to corporate groups or just you and a few friends!

Greeted by a resident flock of approximately 20,000 Giant and Greater Canada geese, open water, and abundant food sources, waves of migrating Canada's will arrive in first part of November, and will spend the winter here, returning in mid-March. The early arrivals are typically the short grass Canada's (four to six pound birds). On the heels of the early arrivals are geese from the high line flock (eight to twelve pound birds), these are the birds that make up 80% of Colorado's wintering flock. This trend continues through the end of December into the first part of January.

Question: "When is the best time to come?"

This is the most frequently asked question and the easiest to answer.

Answer: "Your odds of success are good throughout our entire season."

Many areas across the country you hope to hit the migration just right, you can end up a little early or the old "you should have been here last week" story can greet you. Surrounded by thousands of birds on a daily basis can be a blessing as well as a challenge. With our experience and strict management practices, your odds of success are as good as you will find anywhere in North America.

50% deposit required. All hunts are non-refundable.

AREAS WE HUNT

Room & Board

For out-of-town hunters, we can assist you in arranging clean, comfortable rooms, licenses, stamps, etc. You will need to bring guns, ammo, camera, sunglasses, and any other personal gear you may need. Temperatures can range from +65 F to -10 F. Be prepared to dress in layers, the mornings can be rather chilly while the afternoon hours can warm up considerably. A pair of good felt lined pack boots is also recommended.

Things to Know

=====

Colorado Duck Hunting

Duck hunting with Stillwater is available from October through the majority of January. Typically our best duck hunting takes place from mid October through the end of November. In mid to late October, many varieties of ducks migrate out of the high country and disburse along the Front Range, where they find an abundance of food sources, lakes, ponds, rivers, and sloughs. Soon our local and mountain birds

will be followed by flocks of ducks from Montana, the Dakotas, and Saskatchewan. The most common species are Mallards, Teal, Widgeon, Gadwall, Red Heads, followed by a variety of other puddle and diving ducks.

Your duck hunt will consist of either a morning or an afternoon hunt. Typically, our most productive hunting takes place in the morning, but depending on weather conditions, afternoon hunts can be outstanding. You will hunt one of several private lakes or ponds secured exclusively by Stillwater Outfitters. You will be accompanied by an experienced guide and a competent retriever (your dog is welcome if you are confident in its ability and control). You and your partners will be hunting from permanent blinds, portable layout blinds, and occasionally from available cover.

50% deposit required. All hunts are non-refundable.

Colorado Turkey Hunting

Springtime on the creek bottoms of northeastern Colorado is magical. The country side is littered with wildlife and Rio Grande Turkeys are the Kings and Queens of Spring!

Imagine setting at the base of a tree or kicking back in your Double Bull blind. The sun's just starting to make its way over the horizon...you hear a thundering gobble to your right...then another in front of you...a coyote howls in the distance and the woods come alive with big gobblers posturing for their place in the gene pool.

We offer turkey hunting that caters to all levels of experience. We cater to those just getting enrolled in the sport to seasoned veterans looking to fulfill their right of spring.

We'll provide you with a fully guided hunt, or if you prefer, we'll simply get you set in the right spot and turn you loose to match skills on your own with an elusive Tom Turkey. After your morning hunt, get ready to recharge your battery.

Do you have big racks on your mind? Then look no further! Stillwater offers semi-guided archery, muzzle loader, and rifle Trophy Deer Hunts in game units 94 and 96. Our hunting area provides some of the most exciting whitetail hunting you will find anywhere in North America!

We exclusively lease more than 3000 acres of river bottom and crop land for Trophy Whitetail Deer hunting. Both farms are strictly managed for quality deer. Stillwater is committed to providing a quality deer hunt and a reasonable price. This is why we only take 5 hunters total per year on both properties. This ensures a quality hunt as well as giving you, the hunter a non-pressured environment to hunt.

Our property in Unit 94 is an Archery/Muzzle Loader hunt only. Our Unit 96 Farm is Rifle/Archery/Muzzle Loader only. Both farms hold good deer numbers and with a 135" or better harvest policy, we will continue to provide an honest opportunity for you to harvest your Trophy of a Lifetime!

Both units are draw units and we have access to landowner vouchers for those of you that did not draw a license. You will hunt from strategically placed tree stands or Double Bull ground blinds and in some cases you will be the only hunter that uses a specific stand for the entire season. Check the website in late summer for some trail cam pictures of the deer that are roaming the area!

ECONOMY MULE DEER HUNTING: Stillwater has secured a ranch that is perfect for the novice or youth hunter. Deer are plentiful and the hunt is not physically demanding at all. The ranch is located in Game Unit 20 and is 10 minutes from Berthoud, Colorado. Leftover tags are usually available for this hunt if you did not draw. The hunt has been 100% success in the past 4 years! Call or email the office for more details!

50% deposit required. Balance due 30 days prior to arrival.
