Kansas Hunts - Deer and Turkey

All Kansas and Missouri hunts are semi-guided. You will be shown the properties, stand locations, or Double Bull Blinds and the boundaries of the land. You will be advised the best way to hunt the property. If you wish to have a guide there is an extra fee. The guide will be able to call in birds or judge deer size. You pay for your own meals and lodging. The quality of the land will be better than most because of low hunting pressure.

Hunting in Missouri and Kansas

Our Kansas and Missouri leases are jam packed with gobblers. A frequent question we are asked is; "What are your success rates"? A lot depends on the hunting conditions, i.e.: the weather. 99% of our customers get their birds. The biggest mistake made is taking shots over 40 yards. We recommend using rangefinders.
