The best Archery time to hunt in Missouri is the first two weeks in November, before the gun season begins. This would be Sunday November 1st to Friday November 13th
Rifle season is during the mid-November rut even though it flows out before and after the season. The rifle hunting dates is Saturday November 14th to Tuesday November 24th

We don't offer a muzzleloader hunt to allow our deer to go into the winter in the best condition possible so that we can be provided with a maximum fawn crop and antler growth.

Archer & Rifle Hunts can be a number of different configurations and prices to match. As a norm the deer taken are in the 140 class areas because of our limited hunting, food available, and woodlot cover. All licenses are available over the counter and there are no point restrictions.

Last year 7 out of 9 hunters averaged 150 B&C Score!
