You will be on a guided hunt with two men that together have over 50 years of guiding experience.

Deer season is almost here and we only has some spots left on opening weekend but not for long so book soon, We has awesome guided deer hunts in Northern Oklahoma and has acquired more land to help better your chances of shooting that trophy buck. Hunt out of commercial stands over grain fields and automatic feeders. Able to take does all sixteen days. Last year they shot 100%. Largest buck shot last year was 189 non-typical.

This is a 3 day \$1200 deer hunt but lodging and meals are the responsibility of the hunter. We have motels and restaurant in town and recommend some for you.

Lodging is the hunter's responsibility in the area motels and also restaurants.

Is anyone out there that is not going deer hunting because they don't have a place to hunt? Well, then shame on you for not calling us because we have the land and a great number of deer this year. We had a excellent season this year and Mike still has big bucks left for next year so don't wait to book and get left out in the cold for next year. We have motion cameras in different locations so he knows where most of the big guys are hiding. They take pictures of any kind of movement and I mean any kind of movement. Now, how cool is that? I mean, it will take pictures of all the wildlife, people, even spiders. We are also are getting some great deer shots. (no pun intended) Of course, we are having so much fun with the cameras that the first couple of rolls were of them trying not to take pictures of each other or themselves.

We have guided dove hunts, duck hunts, and duck/fishing combinations. We now have a guide available to do hog hunts in Ok. The hunts are in Antlers, Ok. and that is where the motel accommodations, RV hookups and camping would be, too. The hogs are Russian Boar mixed w/Feral that means that they are mean and ugly. All hunts are with a guide but you choose the weapon of your choice such as knives, archery or guns. Whether you go after that trophy boar or hunt for the smaller one for the meat, these hunts are loads of fun for the whole family. The kids have a blast but, to tell you the truth, the grown-ups have just as much fun. All hunts are on horseback and he uses dogs. How ever you choose, it is a fair chase, no fences and none of the hogs are in pens. Fall, winter, and Spring are the best times to do a hog hunt. The guide will even field dress the hogs for you at no extra charge. Want to fish then go hog hunting or go hog hunting and then fishing? I can help you make that happen, just call me or send me an email. Call Virginia to find out the details.

ATTENTION: DUCK AND GOOSE HUNTERS

This is the time of the year to scout and then hunt ducks and or geese. As most of you know the weather has been unseasonably weird on Lake Texoma so the ducks are not here in big bunches. They are here but very much selected areas of the lake so that makes

them hard to find. So where can you hunt?

Tons of ducks and geese of all kinds. Mike can do these hunts just as easily there as here, so come on and call. Got Geese and Ducks? We do!
