This is a great opportunity to have a professional outfitter providing semi-guided hunts on approximately 12,000 acres on various ranches in Oklahoma. His wildlife management skills are

extremely good which his high success are attest to. This is a great combination for price and success for a savvy deer hunter. I always say don't buy what you don't need. You don't need a fully guided hunt if you don't need a guide the full time of your hunt. With tree stand and ground blind hunting all you need him to do is to pre-scout the properties and let you know what his trail cams and scouting have shown where the deer are located.

This area has mule deer and whitetail but during the rifle season the mule deer seem to avoid the high whitetail concentrations and you will only see about 10% mule deer. During the earlier archery the mule deer are much more prevalent. The reason is that the whitetail and the mule deer rut is at the same time. The problem is that if a whitetail but sees a mule deer with a harem of mule deer does he is more aggressive and will run the mule deer off and breed the does. It is no wonder that the mule deer retreat to mule deer only cover the thick and deep draws that aren't favored by the whitetail.

The archery season is a pre-rut season and the odds of taking a mule deer are much higher.

Whitetail & Mule Deer

Some ranches are the native home of whitetail and mule deer. The land ranges from river bottoms to rugged canyons. We have many feeders placed throughout the ranches. You may select to hunt from tree stands, ground blinds, or shooting houses that have been in place for several years. Shooting houses are totally enclosed with heaters, if you wish. I offer archery, muzzleloader, and rifle hunts. Two of the ranches have been in the Oklahoma Deer Management Program since 2001 striving to produce that trophy for your wall.

Bobwhite Quail

We offer Bobwhite Quail hunts on a couple of the ranches in northern Roger Mills County. The terrain is flat to rugged. We will not book a hunt unless the quail hunting looks favorable for the season. We show you the outside hunting boundaries, and then the place is yours. Prefer groups of 3-4 hunters. One ranch has an old farm house that has all the comforts of home plus pool table, ping pong, and darts.

Bobwhite Quail Hunt, Includes Lodging Per day\$ 195

The other ranch has a bunk house with 10 bunks, kitchen, hot shower/restroom, outdoor cooking facilities and satellite TV. Kennels for your favorite hunting companion (dog) are also available.

Rio Grande Turkeys

Roger Mills County, located in West Central Oklahoma, is quickly becoming one of the premiere places to harvest that Rio Grande turkey on the way to your "Grand Slam." I have had the honor to help several hunters complete their "SLAM" at the Bend of the River Outfitters. I have been a member of the National Wild Turkey Federation for several years and have enjoyed my interaction with the NWTFF "Family Members." I have truly admired the conduct and hunting ethics of the turkey hunting community. Because of these fond memories, I would like to invite you to come here and sample the excellent turkey hunting we offer in addition to our down-home hospitality.
