Welcome to Our Ranch!

Set in the heart of the Texas Hill Country, Our Ranch is home to some of the most beautiful scenery that Texas has to offer. Located just a few minutes from Kerrville, Texas, we offer an unparalleled hunting and fishing experience that you will remember for a lifetime. There are Herds of Exotic and Native Deer and is common to see 400 to 500 Deer in just one afternoon of driving through the ranch. Along with Over 4 miles of spring fed streams and 10 lakes and groves of majestic trees that sprawl out over the 1100 acres is what makes Our Ranch so special.

Our Ranch's Whitetail Deer Hunting

At Our Ranch, our whitetail deer hunting has become legendary. Since we book only one hunt at a time, (Based on booking 3 trophies) during your whitetail hunt, it will just be you, your guest(s) and our guide who will do everything possible to put you each on that special whitetail buck and give you the deer hunting experience of a lifetime.

At Our Ranch you have your choice to hunt using a blind or safari style which allows hunters to cover the entire ranch in a day and be more selective in the trophy that is harvested. Our whitetail hunters usually see between 100 and 150 whitetail bucks in a day.

Our Ranch holds a Texas Parks and Wildlife Department MLD (Managed Land Deer) Permit that extends our hunting season from October 1 to February 26.

Our whitetail deer program does not carry a scientific breeder permit but relies on natural breeding in the wild (our deer are not pen-raised). Therefore, you will not find ear tags or tattoos on our deer.

Our management program requires that we be selective in the trophy bucks that we take, ensuring that whitetail consistently reach maturity. Our year-round supplemental feed and protein plan contribute to the body and antler development of our whitetail deer allowing you, our hunters, to reap the benefits. Every year, we produce trophy bucks in the 150-185 class. Due to the diligence of our management disciplines, each year the potential for bigger and bigger whitetail grows.

Come and enjoy exclusive access to a whitetail hunter's dream in the Texas hill country – Our Ranch!

Up until a decade ago, Our Ranch was a private family ranch that was not open to the public, groomed and managed to create a unique environment of manicured landscapes, big bucks and lunker fish. We are one of the few Hunting Ranches in the State that Book Exclusively to one Client at a time (based on 3 trophy Animals), giving you and your guest private use of the

ranch. The many years of intense whitetail management have produced many trophy whitetail bucks.

The population of exotic animals has also thrived due to the same intense management practices. This gives the ranch a large and diverse population of animals including 15 Species from 5 continents.

Our Ranch offers year Round fresh water fishing of the highest caliber for Rainbow and Golden trout, Bass and Catfish. The strict catch and release program has resulted in many monster lunkers and state records

We offer guided hunts for trophy whitetail deer and exotics, and guided & unguided freshwater fishing trips our hunting guests enjoy exclusive access to our special ranch and benefit from our regimented supplemental feed and management plan.

Non hunting and fishing guests can still enjoy the scenery the ranch has to offer by taking a camera safari through Our Ranch, stopping at various lakes and ridgelines for picture-taking opportunities. This is perfect for the naturalist or casual nature lover.

Let Our Ranch set the stage for a unique hunting and fishing experience, creating the memories of a lifetime.

Turkey Hunting Overview

Our Ranch offers spring-time turkey hunts for Texas Rio Grande turkey (2011 schedule is March 19–May 1). As our hunting pressure is very light, our turkeys are not call shy. Our Ranch has many roosting areas along the 4-mile long creek bottoms with tall hardwood groves, and in the spring strutting turkeys can easily be seen all day long in the open fields while driving around the ranch. Mature gobblers have beards in the 8–12 inch range (10-inch is fairly common), and a large number of breeding hens keep the population of turkey high on Our Ranch from season to season. Our birds have huge body weights pushing 25 pounds, and 1 ¼ inch spurs are common.

Since offering these special spring-time Rio Grande turkey hunts, the ranch has enjoyed a 100% success rate on gobblers.

Fur Ranch Red Sheep Hunting

Hunt the magnificent red sheep in the safety of the Texas Hill Country on Our Ranch. Consider one of the most beautiful of all the wild sheep, the Red Sheep originated in countries such as Pakistan, Afghanistan and the mountains of northern Iran. In fact, it was during the reign of the Shah of Iran that the United States imported them (hence the common name of Iranian Red Sheep). However, today it is almost impossible to hunt this sheep in their native lands.

Named for their reddish brown coat, they have a distinctive white and black saddle patch. The ram's large horns curve outward and back to form the letter C. The red sheep can weigh up to 200 pounds.

Our Ranch's intensive feeding and nutrition program ensure trophy quality horns and large body sizes.

Red Sheep Hunt includes:

- Private and Exclusive Use of Our Ranch
- Field dressing of animal
- Transportation to meat processor and Taxidermist
- Fishing on our 4.5 miles of private creeks with 10 lakes
- Use of Party Pavilion

Our Ranch is booking Desert Mule Deer hunts in the Upper Big Bend region of West Texas, between the Sierra Vieja and Sierra Madre Mountain Ranges. This ranch is located on 35,000 acres, in the heart of the Chihuahuan Desert, just west of Presidio. This is one of the most rugged and least populated parts of the state. With that said it has some of the most beautiful game rich ranches around. This ranch borders the Rio Grande River and has a year round spring fed creek that runs through the property and 6 lakes that create great Duck hunting and Bass

fishing. Also included in the package is hunting for the elusive Scaled Quail and also the very rare Gambel Quail which can only be found in certain parts of the state.

Mule Deer hunting season for this part of Texas only lasts from November 25th to December 11th, so make sure you book your exclusive hunt today. This package includes:

- 1 Trophy Mule Deer
- 1 Javelina
- Fishing in our Bass Lakes
- Duck and Quail Hunting
- Lodging in our circa 1900's historic adobe house
- our facility even features a 5000 foot landing strip, if you wish to fly in

**This package is \$4495 with guide,
or \$2495 for unguided.**

(Maximum 12 Hunters per Season)
