This outfitter in North Texas has a high concentration of good bucks. He owns 2000 acres, with water, hay food plots and brush cover. Hunting is from stands or spot and stalk. The hunting is fantastic. It is not unusual to see 50 plus deer in a morning.

The real magic is that he is surrounded by 360,000 of non-hunted property. The food plots bring in the does and the does bring in the bucks. Bucks range from 8-12 point

This is a 2 buck county so it is legal to take a second buck on the original license and it has been discounted down to only \$995.

Additionally hogs, turkeys, bobcats, coyotes and Javelina are on the ranch. They are free to hunt while deer hunting and only have a \$200-\$300 trophy fee if you get on. Additional Hog, Javelina, or turkey is an additional \$300 each if so if you see it and want it, take it.

Spring Turkey Special

1 to 4 birds at only \$395 per Tom plus lodging. We have had a 100 % success rate on all hunts for the past 6 years. We took 28 Mature Toms last year and this year is looking better.

Javelina

Javelina is open until February 24th and there is always Hogs a plenty.

The Texas \$315 license is good for up to 5 deer, a couple of turkey, Javelina, small Game and hogs.

The number of bucks is decided by each county. This is a two buck county. I have others that are only 1 buck counties. Simply put you can hunt two different counties and shoot 3 bucks along with 2 does if they are the right counties. I come back with 5 every year, a rifle turkey, Javelina, and a couple of hogs. I usually try to throw in the truck some mesquite for barbecuing at home also.

DUCKS

When the deer season is over it is time to collect all of the duck migrants from the north that litter the ponds in Texas spending the winter where they won't get their feet cold. For some awesome duck hunting try a North Texas Duck Hunt.

After deer season duck hunts January 7 to January 27 close. Duck hunts are conducted on 35,000 acres with 200+ponds and small lakes. Housing is in 2 locations which can sleep up to 15. You will be set up with most needs and also outdoor grills. Due to numbers of hunters hunts will be self-guided. This number of hunters helps to keep the ducks moving from pond to pond all morning long.

Bring nice small spread of decoys and we get you to hunting waters. I will pick you up if you need to, good cell phone coverage. Hunts generally run from shooting light to noon. By then most hunters have limited out do to the high volume of duck of all kinds available.

Your afternoons are free to hunt public lands and area lakes. Public lands have quail walk up hunts available, with very little pressure. Being that they are in the middle of nowhere I have the full directions to these locations.
