We offer bow hunters a great opportunity to hunt with archery, both out of blinds and spot and stalk. For bow hunting, the best time to take advantage of the spot and stalk hunt is when our brush is high. Archery spot and stalk hunts are best from April thru December. We bow hunt all year however, but from January thru March, best success for archery hunting is from a blind.

THE HUNT

Hunts begin at different times, based on the seasons. Verify the exact starting time of your hunt. All hunts are subject to availability. We offer pistol, rifle, shotgun, muzzleloader and black powder hunts for hog hunting year round.

Our hog hunts are not fully guided, (except package 4) but rather semi-guided. This means your guides will drop you off and pick you up from the blinds, pick up your game, and advise you on the best hiding places to find hogs on your spot and stalk. Some hunters prefer to drive their own vehicle to the blind, and this is allowed. We do offer fully guided hunts for exotics, unless other arrangements are made.

THE GAME

***HOGS:** The hogs range in type from wild, feral, domestic to any combination of the three. The ferociousness of these animals varies throughout any given year or season. Sizes of hogs also vary, ranging from newborn to mature adults. The hog densities are always sufficient for the number of hunters present to take their bag limit.*

***VARMINTS:** Hunting predators and varmints is an extra activity that is not priced into any package and is provided at no charge. Varmints include, but are not limited to Bobcat, Coyote, Fox, Possum, Armadillo, Raccoon, Rabbit, Ringtail Cat. There are no guarantees of harvest success with any native predator or varmint. Success is based on conditions such as weather, time of year, breeding cycles, hunter skill (or lack thereof), and of course, luck.*

Weapons of choice for the hog hunt include .270 rifles or bigger, blackpowder, pistol, shotgun with slugs, or archery. Varmints and predators are best taken with small caliber rifles if you plan on mounting them.
